

## NOTICE OF INCLUSION

The following Application has been submitted to the Huerfano County Water Conservancy District (“HCWCD”) for inclusion of a Participating Diversion into HCWCD’s Regional Augmentation Plan decreed on November 14, 2016 in Case No. 13CW3062, District Court, Water Division 2, State of Colorado (“Regional Augmentation Plan”).

1. Applicant. Kent Mace and Amos Mace, 8055 County Road 570, Gardner, Colorado 81040 (“Mace”).
2. Means of Diversion. Well to be constructed upon inclusion into Regional Augmentation Plan.
3. Location of Diversion. The well is to be located in the NE1/4 of the SE1/4 of Section 31, Township 26 South, Range 70 West of the 6<sup>th</sup> P.M..
4. Water Source. Huerfano River valley-fill aquifer.
5. Amount of Diversion. Up to 1 acre-foot per year.
6. Type of Use. Water use will be for sanitary facilities, cleaning, and operations of a small 4 to 6 site developed campground with no irrigated acreage, and non-domestic use for general water haulage.
7. Depletions. All diversions for water hauling will be considered to be one hundred percent consumptive. All diversions for sanitary and cleaning facilities will be considered ten percent depletive based on onsite treatment via a non-evaporative septic system. The timing of groundwater depletions from Applicants’ well will be lagged over time to the river based upon aquifer parameters and methodology provided in the Regional Augmentation Plan and determined by engineering analysis.

HCWCD staff and consultants have determined that the Application is complete and that Applicants’ proposed diversions and water uses are eligible to fit within the terms and provisions of the Regional Augmentation Plan as a Participating Diversion. The Regional Augmentation Plan provides for the replacement of stream depletions to the Huerfano River from Participating Diversions.

Non-parties and parties to the Regional Augmentation Plan are entitled to submit comments on the requested inclusion of the Applicants’ diversion into the Regional Augmentation Plan as a Participating Diversion. Any comments to the proposed Application for augmentation of commercial use must be submitted in writing and received by all of the following parties by September 23, 2021 (“Comment Period”): (i) Huerfano County Water Conservancy District, Attn: Carol Dunn, P.O. Box 442, LaVeta, CO 81055, [hcwcdistrict@gmail.com](mailto:hcwcdistrict@gmail.com); (ii) Steven T. Monson, Ryan W. Farr, Monson, Cummins & Shohet, LLC, 13511 Northgate Estates Drive, Suite 250, Colorado Springs, CO 80921,

[stm@cowaterlaw.com](mailto:stm@cowaterlaw.com); [rwf@cowaterlaw.com](mailto:rwf@cowaterlaw.com); (iii) Rachel Zancanella, Supervisor for Decreed Augmentation Plan Coordinator, Office of the Division Engineer for Division 2, 210 E. Abriendo Ave., Ste. B, Pueblo, CO. 81004, [rachel.zancanella@state.co.us](mailto:rachel.zancanella@state.co.us); (iv) Lori Lest, Assistant Division Engineer, Office of the Division Engineer for Division 2, 210 E. Abriendo Ave., Ste. B, Pueblo, CO. 81004 [lori.lest@state.co.us](mailto:lori.lest@state.co.us); (v) Melissa van der Poel, Colorado Division of Water Resources, 1313 Sherman St., Rm 818, Denver, CO. 80203, [melissa.vanderpoel@state.co.us](mailto:melissa.vanderpoel@state.co.us).

Comments received after the Comment Period may not be considered. The entire Application and supporting engineering analysis are available upon written request to the undersigned at the address provided above, with reimbursement of any applicable copying charges. HCWCD will take action on the Application following the Comment Period.

Date: July 22, 2021
